

# SOLUTIONS FROM NINGBO RHT ELECTRONIC CO.,LTD

WWW.RHTECP.COM

- More competitive price with good quality electronic components to let your products cost down, Let your products become more competitive.
- Complete alternative solutions to help you check all the components what you need at the same day,short lead time,best service to support you.

- ✦ RHT CONNECTOR
- ✦ RHT TERMINAL BLOCK
- ✦ RHT TACTILE SWITCH

**RHT TACTILE SWITCH**  
**RE-S-TS6601**

**RHT BOX HEADER**  
**RE-C-202-16-S-B**

## Industrial single board computer, 6 x 6 cm small

This powerful single board computer in Matchbox format of 6 x 6 cm offers a lot of application possibilities for your projects. It is optimized for direct integration and does allow shortest development times using the in Field programming. The advantages of the ECONO-Tiger got combined with a strong platform and so it built up a very powerful and cost effective solution to realize the best possible results.

### Features:

1 x RS-232

1 x RS-485

1:1 LCD Interface for text displays of 4 x 20 characters

2 x Relais alternating switch Output 24V / 1A

5 x free to be used digital I/O ports 5...24 VDC IN / 5V OUT

1 x Low-Power Open Drain Output 170 mA / 18 VDC max

512 kByte FLASH as programm and data storage

Temp. range: 0°C ... 60°C

Size: 60 x 60 x 32 mm
